

The Easter Journey with Mary Magdalene

Saturday, March 21, 2020

2:00-5:00 p.m.

*The Cabin at McPherson Park
100 E. Park Ave., Greenville, SC*

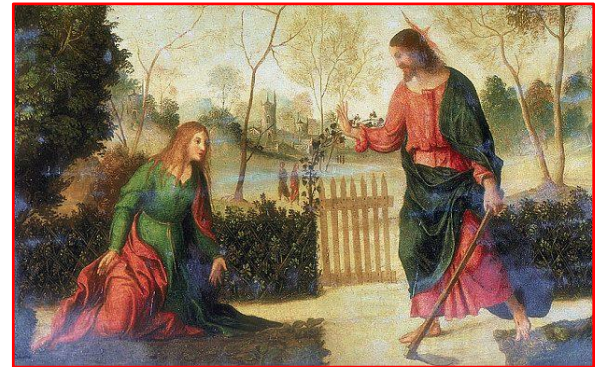

*Presented by Amina Linda McMakin, Originator of the
Dancing with Mary Magdalene Dance Cycle*

It has been twelve years since the first dance inspired by Mary Magdalene came into being. And now again, during this Lenten season and the balance of the Light in the Spring Equinox, I invite you to travel with Miriam of Magdala as she walks her path of devotion with Yeshua (Jesus) of Nazareth, to reenact the Easter Mysteries with storytelling, dance, chanting, and ritual.

In this experiential workshop, we will accompany Jesus and Mary through the anointing, crucifixion, and resurrection; and explore the possibility of entering the holy time of Easter as a vehicle of divine revelation. As we recognize the renewal of the earth in spring, let us open our hearts to the renewal of our inner being through the risen Christ as revealed in Mary's ascension of the soul.

Mary said: "...and then, as if from a great distance, I heard the voice of my Master tell me, 'Miryam, whom I have called the Migdalah, now you have seen the All, and have known the truth of your Self; the truth that is I Am. Now you have become the completion of completions.'"
